The soundness of the proposal appears to be doubtful.

Aniceans & Deputy Aniceans draw no batta and the analogy drawn does not appear to be quite appropriate.

Rapid journeys would no doubt be performed with the object sometimes of returning to Head Quarters: without visiting sufficiently on spot to finally dispose of the work in hand.

I have not been able to speak either to the Law Councillor or to the Dewan on this subject. I may however here note what I have to say. I think Govt should not lay down any hard & fast rule as regards remuneration to be done by arbitrators. They have such multifarious duties to perform they are [illegible] & some states & may be troubled [illegible] about their talents without any compulsion. In fact an arbitrator could do his own efficiently if he did not go out & ask them for himself. It is very rarely that any arbitrator who is worth anything shirks his part of his duty. It is very easy for a Deputy Commissioner who is not himself of indolent habits to satisfy himself whether an arbitrator under him works out sufficiently or not

Insisting on another

Deputy Commissioner showing
the progress of Revenue collection

&c. as per circular issued by the
Hon'ble Deputy Commissioner Mr.
C. H. Malleson dated the 15th

It was that the practice was in vogue till 1911-12; when it was discontinued by the late Dr. Venkatarama Iyengar, Dehuti Commissioner. When I was in the Mangalore District, I had asked the Amildars to submit a monthly diary showing the daily touring they had done out of Head Quarters and the villages inspected. Such diaries are useful in giving the Dehuti Commissioner an idea of the activity of an Amildar and require to devote the preparation to the Amildars to keep a diary for their own information. The Government insist on having a

Docket No. 1030—729, dated 30th June 1896, from the Deputy Commissioner, Chitaldrug district, submitting a copy of his review on the itinerary journals of the Amildars and Deputy Amildars of his district for May 1896.

MEMORANDUM.

The following abstract shows the out-door inspection work done by the several Amildars and Deputy Amildars in the district :—

Taluks.	No. of days out.	No. of villages visited.	No. of miles travelled.
1. Chitaldrug	13	50	164
2. Hiriyur	1	5	25
3. Challakere	2	4	28
4. Molakalmuru	15	42	143
5. Jagalur	7	27	78
6. Holalkere	8	15	64
7. Davangere	6	21	71
8. Hosdurga	7	20	65
9. Harihar	8	49	156

2. The inspection work of the Amildars of Hiriyur and Challakere is not satisfactory. In Challakere there was a change of Amildars, the permanent incumbent having joined his taluk. He had to settle down and possibly could not do more than he did. In Hiriyur the state of health of the officials is some excuse for the short work. But I do not believe that the Amildar *could not* have done more out-door work.

3. Hitherto, owing to the dryness of the weather, no progress could be made in respect of repair of boundary marks. Rain has fallen all over the district and there is no excuse now for this important work remaining unattended to. I trust that before the end of July all the bandhs will have been repaired. The Amildars and Deputy Amildars will warn their shekdars, shanbhogs and patels that severe notice will be taken of their neglect of duty in this respect.

The Secretary is much pleased, as it will relieve many difficulties in working the Excise Department.

The reasons assigned in support of the proposal appears to be doubtful.

Amildars and Asst. Amildars have no battas & the circle Peons also do not appear to be quite appropriate.

Rapid journeys would no doubt be performed with the object of returning to Head Quarters without meeting difficulties on spot & finally dispose of the work in hand.

The Secretary to Government
Revenue Department

Under the rules in force in Chitaldrug, Amildars are required to visit every village in their taluk once in every month. The Amildar is required to stay in each village for a day or two in order to inspect the Abkari & Sayar shops in the village - The Amildar is therefore required to travel for a day or two in order to reach the village - Sometimes he is required to travel for a day or two in order to reach the village - Sometimes he is required to travel for a day or two in order to reach the village - Sometimes he is

are able to return to head-quarters the same evening. Under the order above quoted this day is excluded from calculation though the Artillery was probably out in the field the whole day and travelled something like 20 miles. He is then taxed for the smallness of the number of days he has camped out. This, I beg to submit, is not very fair. There is an analogy in the case of Officers who draw travelling allowance. These Officers draw travelling allowance for days on which they go beyond a radius of 5 miles from the Head-quarters although they return to Head-Quarters the same day as they are then considered to have camped out. I beg that a similar rule be laid down for Artillery and Depth Artillery and the days on which they go beyond a radius of 5 miles from head-quarters, be counted as

as days on which they have camped out.

Sir, I have the honor to state that in Government Order No. 2835-S.R. dated 7th November 1876, it was laid down that the days during which an Officer camps out should only be shown in the column of the Circular's itinerary set apart to show the number of days out.

2. This order causes some hardship especially in the case of Circulars and Deputy Circulars in charge of Compact Salts and Sub Salts Owing partly to the nature of the Salts and partly to capital travelling, the Officers often travel over a wide area and y

Letter No 445/421 dated 10th November 1897 from the Dy Commr, Belgaum Dist, recommending that Govt order No 4805-812/R-1668 dt 27th Nov 1896, which requires Asstt Dy Asstt Commrs to show in their itinerary reports only the no of days on which they actually camp out, causes hardship in the case of those in charge of compact talukas & Sub Talukas, it may be ruled that the days on which they go beyond a radius of 5 miles from their head quarters will be regarded as the days on which they have camped out, as such a provision is made in the case of officers entitled to travelling allowance in order to enable them to draw batta for such days.

5525-9

Order thereon :—

Govt observe that the reasons which the

Deputy

Deputy Commrs. urges in support of his recommendation are opposed to his conclusions. As the object of the order above cited, which is being evaded as yet, is to induce an Aimadar or Dry Aimadar to camp out & not to hurry his inspection, Govt ~~have~~ are not prepared to modify it.

2. It is considered that in the case of officers drawing travelling allowance, a radius of five miles is too short a circle to claim batta. An ordinary drive, or riding on a horse back may do for such a trip, & an officer may enable himself to draw batta every day. It is therefore desirable that the radius should be increased to 10 miles. The Dy Commrs of districts & the Comptr. Mysore Govt will be requested to give their opinion ~~with reasons therefor~~

for

R. 4/1/98

Copy of order in Appendix

— The short itineration may be due to causes beyond the Officer's control. Heavy criminal or other Government work may detain him at Head Quarters for more than 20 days in the month and he may thus be unable to camp out for 10 days as laid down in Government Proceedings No. 2288-95 / R. 729 dated 27th August 1897. I am therefore of opinion that the best course will be to deal with cases of default on their own merits, the Officer being required to furnish with his journal an explanation as to the circumstances which prevented him from complying with the orders of Government.

task, and to attend to the work of holding inquests in the city. His explanation may be accepted this time.

3. The Amildar of Sadasivapet (V. Satyadiswary) explains that he had to sign with the divisional officer from the 1st to the 15th of the month, and that though he halted in villages for more than 15 days, the number of nights he could stay out was only 8, as he returned with the divisional officer on the 15th and the 30th of the month to Head Quarters, just in the evening. His explanation may also be accepted.

4. The explanation of the Amildar of Kankanhalli (Kandiravarjan) is that there was in the month very heavy work to be disposed of and as getting the required references for their disposal to camps would give rise to delay and repeated

trouble in gymnastics, he was obliged to remain in the Kasba. He may be excused for this short cimeneration.

5. The explanation of the then Amildar of Channapatna (Krishna - Ramiengar) is that his cimeneration in September and October fell short, as he was confined to Head Quarters, as per his Superior Officer's orders in connection with the breach of the Railway bridge at Malur. He however camped out for 9 days in September 1897. His explanation is satisfactory.

6. The then Sheristadar Amildar B. Srinivasa Rao's explanation is that he stopped 2 days out of the Kasba, but had to return on one of these days, after inspection in the afternoon to attend to Criminal work. He may be excused this time.

In reply to Government Proceedings No. 4743-50 R 1535 dated 1st December 1897 requiring to report why the days by which the itinerations of the Amildars fall short of the prescribed period should not be deducted from the privilege leave at their credit, I have the honour to state that such deduction would be tantamount to fining the Amildars their pay for every day they fall short of the 10 days of touring. I believe the instances of their not camping out at present for the full time required are due to an impression that the rule is not laid down as an imperative one but is meant merely to indicate the amount of work which the Government expects under ordinary circumstances - If this impression is corrected by a rule of Practice issued by Government, we may require Amildars to stick to it or to explain or obtain sanction for their failing

explains that he halted out in villages, in all, for 12 days though on 3 of these he had to return to Head Quarters in the evening and that he could not travel more owing to the hardness of criminal and other work. He may also be excused.

Beg to report that as per instructions received from the Dy. Conservator of Forests, the undersigned remained in Head-quarters, to auction the minor forest produce of the Taluk, for five days.

That on account of the Sheristadar's absence in Hassan for the Sessions, remained in charge of the Treasury for 8 days.

That as per orders, availed himself of the Dasara Holidays from the 25th September, 1897.

The above information was furnished to the English Dept. of the District office, on the 29th Ultimo.

short in any particular month. I am inclined to think that it is somewhat inconsistent with the dignity of position of Auditors to threaten them with any sort of punishment for anticipated breach of any particular rule of conduct. Individual cases of neglect may of course be dealt with as it may please Government in each case.

2. May I take venture to make a suggestion? Ten days in a month is certainly not too long to require the Auditors to camp out of Head Quarters. But it is possible that in some months it may not be convenient to do so consistently with the interests of other work. I would therefore extend the period to three months and require the Auditor to have left out of head quarters for half the period or one third of the period (as at present). The fortnightly statements may be obtained just as at present, but if this proposal is approved, they need be received only once every quarter.
